

"Every post is a seed, every
click a choice, every share a
voice."

Responsible Use of Social Media

Mary Dorcas Abiodun

One tool is
shaping lives,
influencing
destinies, and
redefining
opportunities....

SOCIAL MEDIA!!

It is the only place where you can become famous without leaving your bedroom and also the only place where you can destroy your destiny without anyone forcing you.

1 Corinthians 10:23:
“All things are lawful
for me, but not all
things are beneficial.”

Social media is lawful,
yes, but is your use of
it beneficial? Is it
building you, or is it
breaking you?

How many of us use social media daily???????

The power of social media

Shaping us

We shape others through it too.

2019/2020
When I first started...

Social media is your CV in the eyes of the world.

Long before people meet you, they meet your posts, your comments, and your consistency.

Just this year, in July....

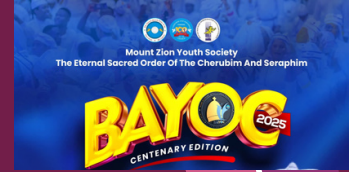

Social media rewarded consistency. That's what responsible use can do: it can position you for opportunities you never imagined

It can either be a seed you plant that grows into fruit, or it can be a fire you light that burns down everything you've built. That is why we must use it with a sense of responsibility.

What does responsible use mean?

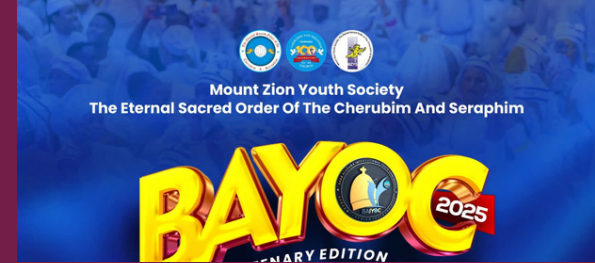

It means I am not just scrolling endlessly but asking, “What am I building with this tool? What will my digital footprint say about me five, ten, twenty years from now?”

The Bible reminds us in Proverbs 22:1 that “A good name is rather to be chosen than great riches.”

Your posts are building a name (good or bad). What name will you be remembered for online?

INFLUENCE

Many people want influence, but influence is built by trust. And trust online comes from consistency and integrity. If your posts contradict your values, people will see through it. But if you use your platforms to inspire, to educate, to share your journey, you are not just gathering likes, You are building legacy.

Next Steps

INFLUENCE

Ecclesiastes 10:1

One careless post, one reckless video, can damage years of credibility. That's why wisdom and discipline must guide us online.

INCOME

The same phone that many waste hours on can be a tool for business, for visibility, for expanding your voice.

Today, people are earning, building networks, and reaching nations because they chose to be deliberate.

The truth is, the world may never give you a physical stage, but social media has given you a global stage free of charge. The question is, what are you doing with it?

Psalm 90:12 says, “So teach us to number our days, that we may apply our hearts unto wisdom.”

Time wasted online is destiny wasted. But time invested online is destiny multiplied.

If Jesus had a Facebook page or a TikTok account today, do you think He would spend His time fighting in the comments section, or would He use it to spread hope, truth, and light?

Matthew 5:16 tells us, “Let your light so shine before men, that they may see your good works, and glorify your Father which is in heaven.”

Social media is a light platform. The question is, What light are you shining?

Post with purpose, scroll with wisdom, comment with grace, focus on insofar and value. That way, You win!

THANK
YOU

**My name is Dorcas, I help professionals
and brands turn their voices into
platforms, their presence into
influence, and their ideas into global
impact.**

**I believe you have, NO EXCUSE TO BE
NOBODY so keep changing your world**
